

RE

This term we are continuing our learning about 'Why are some places special'? We will be paying particular attention to Hinduism this term and looking at special festivals such as Diwali.

PSHC

This term we are exploring 'Celebrating Differences'. We will be thinking about ways that we are similar and different to each other, as well as looking at how to make new friends.

History

This term we are learning about 'Toys'. We will start by talking about our favourite toys. We will then move onto learning about old toys and comparing new toys to old toys and sorting them in chronological order.

Year 1 Term 2

Science

This term we are learning about seasons. We will be learning about signs of Autumn and Winter, and then comparing the two seasons.

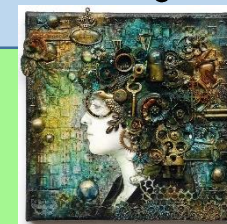

PE

In this unit, the children will develop and apply their jumping and landing and seated balance through focused skill development sessions, thematic stories and games.

Art

We are going to be looking at different artists who use a variety of medias and textures in art. We then then end up creating a final piece of a mixed media collage.

Optional Extra Activities

Science

- Go on an Autumn Walk. What signs of Autumn can you see?
- Forage (or buy!) apples and bake an apple crumble together.

PSHC

- Think about ways that you are similar and different to a member of your family.

History

- Interview an older relative in your family about what their favourite toy was as a child.

Maths

- Go on a 3D shape hunt around the house.
- Use pasta shapes to complete subtraction number sentences up to 20.

RE

- Use chalks to create a Rangoli pattern on the pavement outside your home.

English

- Later on this term we will be using Stick Man as our class text. Collect some sticks and make your own stick family.
- Go on a walk to Nightingale Valley and play pooh sticks.

Art

- Forage different medias from your Autumn walk to create a piece of artwork.
